

AEUK COVID-19 Statement

June 2020

AEUK are continuing to operate in a COVID-19 Secure environment.

The safety of our employees, contractors and visitors remains our top priority. Our people have adapted fantastically during this period, and thanks to them we have kept operating and delivering to all our customers. Furthermore, we are supporting our suppliers to help them maintain their operations too.

Our COVID-19 Response Team has implemented measures throughout the company to ensure we are COVID-19 Secure. This includes changes to our processes, new communication channels and apps, employee engagement through virtual “drop-in” sessions, and feedback surveys. Our Human Resources team are supporting our people across a broad range of topics, including mental health.

AEUK confirm that we comply with the government’s guidance on managing the risk of COVID-19.

- Continuously monitoring the number of employees on site to manage social distancing.
- Within our offices and facilities we have updated signage and posters to keep people informed.
- Our cleaning regime has increased frequency and our ventilation systems are running continuously.
- Contactless internal door releases have been fitted.
- Introduced COVID-19 Intranet site to keep employees updated.
- Introduced new travel and meeting processes to minimise close contact.

We continue to operate as close to normal as possible within current constraints. We are grateful to our employees for their commitment and flexibility, and to our customers for their continued trust and support.

Feel unwell? Stay at home
